1. *Early On*® Qualitative Compliance Information

<u>Recipient</u>	<u>Amount Recommended</u>
Wayne State University	\$363,000

Purpose

This grant will assist the Michigan Department of Education (MDE) to collect performance and compliance information required by the U.S. Department of Education, Office of Special Education Programs (OSEP). In accordance with the required continuous improvement and focused monitoring system overseen by the OSEP, MDE, as the state lead agency, must submit information on performance and results for children who have a disability and/or a developmental delay and their families.

Information collected by this grantee will assist in the identification, oversight, and improvement of Intermediate School Districts (ISDs) not in compliance with the federal law. Specific data on ISDs in need of improvement will help direct technical assistance activities required to bring the districts into compliance. This specific direct technical assistance to the ISDs and service providers will result in improved identification of and the provision of services to infants and toddlers and their families resulting in the children's substantial and meaningful improvement that would enable them to be ready for school.
